

Information for overnight guests

IGLOO-VILLAGE ENGELBERG

Please read this document carefully in order to be properly prepared for the Igloo-Village experience.

There is only one thing that is unknown in Engelberg – boredom. Engelberg-Titlis is central Switzerland's Mecca for adventure holidays. Here every adventurer will find whatever makes their heart race. The Engelberg Igloo-Village at Trübsee nestles in a wild, romantic landscape, in a picturesque setting with a breathtaking view of the mountainous landscape of central Switzerland at an altitude of 1,800 above sea level.

During your journey

Please plan enough extra time to ensure you arrive at the meeting point specified in the programme on time and unhurriedly. The mountain railways are not responsible for transporting your luggage.

If you are late, please let us know immediately on +41 41 612 27 28. Please have the mobile telephone you specified on reservation with you so that we can contact you if need be (especially during your outward journey).

Luggage deposit

We do not recommend that you take more equipment with you than is listed in the "Equipment" column as there is only very limited capacity and no lockers in the Igloo-Village. There are lockers at the valley station or Engelberg station where you can leave your luggage for CHF 6. Skis/snowboards can be deposited in front of the Igloo-Village.

Equipment

The Igloo-Village nestles in the heart of nature on the mountain. Make sure you are properly equipped. Normally the temperatures in the Igloo-Village remain constant at around 0°C.

Clothing and equipment:

- Winter-proof, warm clothing (such as for skiing, see picture above)

How to get there

By train

The railway station at Engelberg is easy and simple to get to by train. From Engelberg railway station, the valley station of Titlis cable car is about 10 minutes walk. Ski buses depart from the railway station to the valley station of Titlis cable car throughout the day. Visit www.sbb.ch for more information on train connections.

By car

If travelling by car, follow the signs to the valley station of Titlis cable car once you have entered the village of Engelberg. Carpark is signposted. Ask the attendant (opposite Stöckli Sport Shop) where exactly you should park, mentioning the "Igloo-Village". As you are staying overnight, this is important for snow-clearance measures! Charges: CHF 6.-/day (i.e. total of CHF 12 for day of arrival/departure).

Then by mountain train

Journey up the mountain from an altitude of 996m to 1,800 m to the Trübsee mountain station.

Mountain railway tickets

A valid ski pass (cost CHF 62.-) will take you to the Berghotel Trübsee meeting point, from where you will go on to the Igloo-Village. The Igloo-Village is located on the ski piste and is ideal for a day's skiing before and after the night in the igloo. After breakfast you may ski down the valley. If you do not have skis, you will need a Trübsee return ticket for CHF 30.-, half-fare abonnement CHF 15.- (please mention that it needs to be valid for two days). Half-fare and general abonnement are only valid for the mountain/valley journey.

The mountain railway tickets and any parking charges incurred are not included in any package.

Safety information for overnight stays in the Igloo-Villages

High alpine hazards

Iglu-Dorf GmbH herewith expressly draws the attention of its overnight guests to the environment of the Igloo Village in remote, high alpine nature. Even a short walk can entail high alpine risks. High alpine hazards refer to concrete phenomena such as strong winds, cold, altitude, visibility conditions, snow and ice, sudden changes in the weather, unknown terrain, amongst others.

As the weather cannot be influenced, this can affect the activities during the overnight stay. Activities in the open air (for example visiting the whirlpool) are adapted to the weather situation, i.e. not carried out in the worst case.

Respect nature! Coordinate your activities to your abilities and physical condition and the high alpine environment. Stay overnight only if you are in good health.

Emergency management

A safety concept exists if accidents occur. Rescue transportation may take some time given the exposed location and the weather, and may even be impossible in exceptional circumstances. No rescue transport will be carried out for minor injuries. The client is responsible for any costs for rescues.

In the Igloo Village, there is an emergency chemists with disinfectant, ointment, compresses, materials for dressings, tweezers. We are not allowed to stock or issue any other materials or medicines. The guest is responsible for such items.

Leaving the Igloo Village Zugspitze during avalanche detonations

To avoid natural hazards, it may be the case that you have to leave the Igloo Village Zugspitze during avalanche detonations, even though it is not in a zone at risk of avalanche. The instruction to leave can be issued in the middle of the night. You may have to leave in the middle of the night, perhaps without being able to return to the Igloo Village, with makeshift overnight accommodation in the mountain restaurant.

Concluding remarks

Iglu-Dorf GmbH makes every endeavour to ensure that incidents can be avoided. To this end, we also rely on the cooperation of our overnight guests. Please follow the instructions and advice of the igloo guides.

The need to leave the igloo village on account of avalanche detonations is on average necessary 2-3 nights per season, based on experience from the past three years.

Restrictions to the offer do not justify any price reduction.

We finally wish to point out that after meanwhile more than 40,000 overnight guests, incidents can be counted on one hand. We shall do our utmost to make sure this remains the same. We thank you for your cooperation and look forward to enjoying a pleasant and relaxed atmosphere with you in the Igloo Village.

Thank you for your understanding.

Warm regards,
Iglu-Dorf GmbH
